Thanks for stopping in!
Have a nice day!
See you later buddy!
Wait a minute...
So are you saying my manager was casting spells on you??
I can't tell exactly but he was acting real shady...
...Plus like didn't you have some weird dream where he killed you? Like... WTF??
You said it was MY subconcious!
Things have been cool since then!
Julian tells me all the time how good a employee I am!
